Re: Applying for Secondary School

Dear Parents/ Carers,

Many of you will have begun to think about the next stage in your child's education and which secondary school they will be attending from September 2019. Attached to this letter is an overview of the open events that secondary schools within Haringey will be hosting in the coming weeks.

The admissions section of the Haringey Council website has some useful guidance on the application process (www.haringey.gov.uk). **A member of the Admissions team at the council will be visiting our school at 9am on Wednesday 26th September and the Pastoral Care Team will be available at 9am on Thursday 27th September** to provide advice and help with registering your child – computers will be available for use. If you are unable to attend

If you live in Haringey, you must apply through Haringey Council for a school place, even if the school is located in another borough. If you live outside Haringey you can still apply for schools in Haringey but you must list them on the form of your own local authority.

The e-admissions website is now open and you are able to submit an application online. Haringey Council strongly recommend that you complete your application in this format. You can access the internet for free at any Haringey library and you can change your application at any point up until the closing date (**31st October 2018**). Please note that booklets are no longer provided by the council – parents are required to locate the information online.

A number of local secondary schools will be here during parents evening on Thursday 4th October 2018 – please spend a few minutes talking with them about their school and collect information to take home. This will help you and your child make an informed choice about the schools that you would like to apply to.

If you would like any further information, advice or support please speak to your child's class teacher or a member of the office team.

Yours sincerely,

Anoria Simmons
Head of School
