

## Mandarin Curriculum Policy

Date	Review Date	Endorsed by	Approved by	Link Governor
Feb 2016	Feb 2017	Curriculum and Achievement Committee	Governing Body	Penny Woolley

We at The Devonshire Hill Nursery and Primary School believe that 'learning a foreign language is liberation from insularity and provides an opening to other cultures. A high-quality languages education should foster pupils' curiosity and deepen their understanding of the world. The teaching should enable pupils to express their ideas and thoughts in another language and to understand and respond to its speakers, both in speech and in writing. It should also provide opportunities for them to communicate for practical purposes, learn new ways of thinking and read great literature in the original language. Language teaching should provide the foundation for learning further languages, equipping pupils to study and work in other countries.' (The National Curriculum in England Framework Document (DfE) 2014).

The Governors at The Devonshire Hill Nursery and Primary School have decided that teaching a world language – Chinese Mandarin and the Chinese culture is an excellent way of providing global links with a culture and language that is rich, varied and steeped in a long and interesting history that our children and staff can learn with and learn from. We will continue to learn mandarin and develop our Chinese links so as to enable us to rapidly move towards Confucius Classroom status.

We have a duty to ensure compliance with the revised National Curriculum and with the application of the new programmes of study and attainment targets. We understand that 'the National Curriculum provides pupils with an introduction to the core knowledge that they need to be educated citizens.'

Our well-balanced curriculum promotes the spiritual, moral, cultural, mental and physical development of pupils and prepares them for the opportunities, responsibilities and experiences of later life. We will develop pupils' spoken language, reading and writing in all subjects and will develop pupils' mathematical fluency.

We wish to work closely with the House Captains and House Representatives to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

This policy is to be read in conjunction with the following documents:

- Designing and Timetabling the Primary Curriculum - a practical guide for Key Stage 1 and 2 – **Guidance A**
- National curriculum in England: Languages programmes of study – **Guidance B**

### Aims

- To ensure that all pupils understand and respond to spoken and written language from a variety of authentic sources.

- To ensure that all pupils speak with increasing confidence, fluency and spontaneity, finding ways of communicating what they want to say, including through discussion and asking questions, and continually improving the accuracy of their pronunciation and intonation.
- To ensure that all pupils can write at varying length, for different purposes and audiences, using the variety of grammatical structures that they have learnt.
- To ensure that all pupils discover and develop an appreciation of a range of writing in Mandarin.
- To promote the teaching of numeracy and literacy within all subjects.
- To share good practice within the school.
- To work with other schools to share good practice in order to improve this policy.

## **Policy Procedure**

The direction set out in this policy will be used to guide the planning, delivery and the teaching of the Mandarin curriculum across the school.

## **Teaching and Learning Style**

We use a variety of teaching and learning styles in order to develop children's knowledge, skills and understanding.

## **Curriculum Planning and Organisation**

Teachers collaborate on the planning of the subject to ensure parity in provision and to share expertise. Curriculum planning is managed in three phases namely:

### **Long Term Planning**

- Details what is to be taught over the year
- Provides teaching guidelines and overall objectives for each year group for the whole year

### **Medium Term Planning**

- Organises the subject into termly or half-termly sections
- Is more detailed and the objectives are more specific in nature
- Is developed by the teachers, who respond to the needs of their pupils
- Ensures a balanced distribution of work is undertaken across each term

### **Short Term Planning**

- Details the subject curriculum over the week

- Plans lessons in detail with specific class objectives
- Sets individual learning goals for each pupil

## **Links with ICT**

The use of information and communication technology will promote, enhance and support the teaching of this subject area.

## **Inclusion**

We believe that we are an educationally inclusive school as we are concerned about the teaching and learning, achievements, attitudes and well-being of all our pupils. We aim to provide places for all pupils who express a preference to join this school.

We work hard to offer equality of opportunity and diversity to all groups of pupils within school such as children:

- From both sexes;
- Who have Special Educational Needs;
- Who are looked after;
- From minority faiths, ethnicities, travelers, asylum seekers, refugees;
- Who are gifted and talented;
- Who are at risk of disaffection;
- Who are young carers;
- Who are sick;
- Who have behavioural, emotional and social needs;
- From families who are under stress

We believe we have a duty to ensure that all children have equal rights to the opportunities offered by education and that all children will be encouraged to fulfil their potential in their academic, physical and creative achievements.

We want to give all children the right to access high quality educational experiences, to take part in a broad and balanced curriculum and to be part of the social life of the school.

We recognise that within the school we have more able, gifted and talented children. We believe that:

- More able children demonstrate a higher ability to exceed age related expectations than average for the class and often require differentiated tasks and opportunities to learn through challenges;
- Gifted children are those who have the ability to exceed age related expectations in more than one subject;
- Talented children demonstrate an innate talent or skill in creative, cultural or sporting fields

We have an even greater obligation to plan and deliver well-structured lessons with appropriate assessment plus ambitious targets for pupils who have low levels of prior attainment or come from disadvantaged backgrounds.

Also, we have a duty to cater for pupils whose first language is not English by planning teaching opportunities to help them develop their English and to gain full access to the National Curriculum.

## **Differentiation**

Differentiation is best defined as 'the process by which differences between learners are accommodated so that all students in a group have the best possible chance of learning.' (Geoff Petty)

The main purpose of differentiation is to challenge and raise standards of learning by ensuring that curriculum objectives are accessible to all our children despite their backgrounds or abilities. We see differentiation as a form of integration and not exclusion.

Differentiation must reflect the learning objective and can be achieved in a variety of ways either by task, by support or by outcome and should be chosen by fitness for purpose.

We want all children to achieve success, therefore we will ensure they are given differentiated tasks that are matched to their level of attainment so that they can demonstrate successfully what they know, understand and can do.

The main feature of effective differentiation is good planning resulting in effective teaching and learning with children making good progress. Also we expect to see in all classes interested well-motivated children responding to challenges, children working productively on task and being aware of their own progression.

### **Special Educational Needs**

We want pupils with identified special educational needs to have full access to all subjects of the National Curriculum with teachers planning lessons that have no barriers to pupils achieving and with appropriate targets relating to the subject.

### **Assessment for Learning**

Teachers will:

- Carry out continuous assessment;
- Use short-term assessments matched to the teaching objectives to adjust their planning;
- Make comments in pupil's books related to the teaching objective;
- Carry out medium-term assessments to measure progress against key objectives to adjust planning;
- Carry out long-term assessment to assess progress against school and national targets;
- Administer national tests and assessment in Y2 and Y6;
- Carry out tests at the end of Y3, Y4 and Y5;
- Use long-term assessments to help them plan for the next academic year;
- Inform parents and carers of their child's progress and targets

### **Monitoring & Review of the Subject**

Monitoring of standards of children's work and the quality of teaching is the responsibility of the subject coordinator supported by the Headteacher and the SLT.

Standards will be monitored by:

- Looking at pupil's work
- Subject observations
- Pupil discussions
- Audit of subjects
- Scrutiny of planning
- General curriculum discussions

### **Contribution of the Subject to other Areas of the Curriculum**

Teaching a modern foreign Language is a subject in its own right and has specific skills and knowledge, which need to be taught and learnt. However, some of these skills and knowledge can be applied across the curriculum to support work in other subjects, particularly in Literacy.

### **Resources**

The school has a full range of resources to support the teaching of this subject throughout all year groups. Resources are upgraded and replenished when the need arises. An annual stock take and audit is undertaken by the School Leader for Mandarin in the summer term in preparation for the next academic year.

### **Raising Awareness of this Policy**

We will raise awareness of this policy via:

- The school website
- The Staff Handbook
- Meetings with parents such as introductory, transition, parent-teacher consultations and periodic curriculum workshops
- School events
- Meetings with school personnel
- Communications with home such as weekly newsletters and of end of half term newsletters
- Reports such annual report to parents and Headteacher reports to the Governing Body
- Information displays in the main school entrance

### **Training**

All school personnel:

- Have equal chances of training, career development and promotion
- Receive training on this policy on induction which specifically covers:
  - National Curriculum programmes of study and attainment targets for all subjects
  - Teaching and learning
  - Planning
  - Assessment
  - Key skills
- Receive periodic training so that they are kept up to date with new information
- Receive equal opportunities training on induction

### **Equality Impact Assessment**

Under the Equality Act 2010 we have a duty not to discriminate against people on the basis of their age, disability, gender, gender identity, pregnancy or maternity, race, religion or belief and sexual orientation.

This policy has been equality impact assessed and we believe that it is in line with the Equality Act 2010 as it is fair, it does not prioritise or disadvantage any pupil and it helps to promote equality at this school.

### **Monitoring the Effectiveness of the Policy**

The practical application of this policy will be reviewed annually or when the need arises by the coordinator, the Headteacher and the link governor.

A statement of the policy's effectiveness and the necessary recommendations for improvement will be presented to the Governing Body for further discussion and endorsement.
