## Woodland Trust – Trees for Schools

Dear Parent/Carer,

We recently applied to the Woodland Trust under their scheme providing free trees for schools and communities. Our 100 sapling trees have now arrived and will be planted on our school field from next week.

On Monday 26<sup>th</sup> November, all Year 4 children will have the opportunity to plant trees in the morning and Nature Club will have their turn after school. This is a very exciting opportunity to make our school greener, while teaching children about the environment.

Please note that as rain is forecast for the weekend and the field is likely to be wet, children should bring waterproof shoes or boots to school so they can take part in this activity without getting their school shoes wet.

Yours sincerely,

Mr Rous, Ms Cabey and Mr Kyeyune  
Year 3 and Year 4 Class teachers
