

Home Learning Guidance

Home Learning Passports are given at the start of each half term. This passport contains activities for you to complete with your family at home. These activities support current curriculum learning.

- You should complete **at least one activity** from this passport. An adult at home can help you.
- Completed work should be handed to your Class Teacher by the date given.
- Remember to also read your **Home/School Reading Books** and record this in your **Reading Record**.

If you require **basic resources** such as paper, pens, pencils to support with fulfilling your project please make your request by emailing: homelearning@devonshirehill.haringey.sch.uk
If you do not have **internet access** please contact the Main Office to discuss support.

Devonshire Hill Nursery & Primary School

Home Learning Passport

Year 6
Summer 1

Please return home learning to your teacher by:

Friday 17th May 2024

Complete one or more of the following:

Year 6

Maths: Marvellous Magicians!

Show us your marvellous mathematical skills by creating your own maths investigation. This can involve mathematical manipulatives like dominos, dice, number cards, coins etc. Your investigation can involve looking for patterns, sequences and number rules. Have fun!

Science: Illuminating Lights!

Research about Thomas Edison and his many attempts on creating the light bulbs. Why did he fail so many times? What did he manage to invent? Who was the person who invented the light bulb? Present your research on an informative poster or your own version of a non-fiction book.

Geography: Popular Populations!

Make a geographical model of two cities from the United Kingdom. One city should be densely populated and the other should be sparsely populated. Alternatively, create a model showing how London was once a small city and how it has grown over the years - focus on 2 to 4 different time periods for this project.
